Lodging House Inspection Team	11
Weights and Measures	11-12
Air, Water & Hazardous Materials	12

Authority

Pursuant to Massachusetts General Law Chapter 40 Section 22 F, the Department of Inspectional Services in the City of Worcester, Massachusetts has adopted the attached fee schedule. The effective date of this schedule is January 1st, 2022. This schedule supersedes all previous schedules.

Fee Waivers

All requests for fee waivers are to be processed through the City Manager's Office for approval by the Worcester City Council with the exception of the following:

- (1) In-house maintenance of City owned buildings by city forces.
- (2) Renewal Certifications of City owned buildings required by Massachusetts Building Code.

All requested fee waivers by the Worcester Housing Authority will require approval and processing by the City Manager's Office.

Interpretation of Fees

All interpretations of the attached fee structure will be made by the Commissioner/Director of the Department of Inspectional Services and will be final.

Paper Applications

The City has moved to an online permitting system for two main reasons.

1. To allow customers to apply for any permit anytime and place
2. It allows customers to see status of permits and communicate with ISD about their permit.
3. It keeps administrative costs under control. A processing fee of \$50.00 will be assessed to all paper permits. These fees will take effect on Jan 1, 2022. We encourage everyone to use the online permitting system for FREE!

Building Permits

All Building permits unless otherwise noted below are calculated as follows:

\$12.00 per \$1,000.00 or fraction thereof of construction value		
\$9.00 per \$1,000.00 over \$1,000,000)	Minimum	\$100.00
